“HANDLE has taught me techniques that are simple yet inexpensive, and do improve muscle tone, vestibular processing, kinesthesia, proprioception, and tactility...I have seen dramatic and drastic changes in the clients with whom I incorporate HANDLE activities.”

—Gail Buchen, PT

What
others
say

“I am a Pediatrician, who against and despite all my medical school training – treated my own child and still treat my patients with Autism using biomedical therapies. However, there was always something missing – a piece I did not get, not taught in Med School, not fixed with supplements and nutrition – HANDLE is it! I think I get it. Thanks Judith Bluestone for sharing all you've learned”

— Dr. W. Edwards
Pediatrician & Parent - Chatham, Ontario
Canada

SPREAD THE WORD!**

“In her presentations Judith Bluestone combines an insightful background in neurophysiology with practical activities for children and adults with a spectrum of learning and neurological challenges. HANDLE ingeniously addresses the underlying causes of these challenges. I fully support HANDLE's path to healing through gentle enhancement; it complements Waldorf special education in a wonderful way.”

— Ingun Schneider, RPT, Director of
Remedial Education Rudolf Steiner College,
Fair Oaks, CA

“The HANDLE Institute trainings are truly the cutting edge! It gave meaning to many behaviors that I see everyday but just didn't know how to interpret. My understanding and interventions are forever changed. These trainings should be required for any mental health professional who works with ADHD, Tourette's Syndrome, Asperger's and learning problems.”

—Mark Lanci, MSW, LICSW

“Wow! What a program! I was pretty excited after reading ‘The Fabric of Autism’, but this made me want to jump out of my chair and shout, Hooray! So beautifully presented. Valerie and her staff were very professional, knowledgeable & approachable. I plan to apply for more training and continue on this path. Thank you so much for the first stepping stones!”

— P. Mandarano, Parent
Keswick, Ontario Canada
